

# Cake Box Cookies

## INGREDIENTS

•1 box (15.25 oz) cake mix •1/3 cup oil •2 eggs •Frosting

## OPTIONAL INGREDIENTS

**Candy Sprinkles**

## Directions

1. Heat oven to 375°F.
2. In large bowl, stir cake mix, oil and eggs with spoon until well mixed.
3. Shape tablespoonfuls of dough into 1-inch balls.
4. Place 2 inches apart on ungreased cookie sheets.
5. Bake 6 to 8 minutes or until edges are light golden brown.
6. Cool 1 minute before removing from cookie sheets to cooling rack.
  - Do not overcook. Take them out when they're just about finished.
7. Spread frosting over warm cookies.
  - Optional: Immediately sprinkle each with candy sprinkles.
8. Store in airtight container.
